WHAT IS ORSI ACADEMY?

Orsi Academy, a non-for profit society, is an inclusive center for innovation in minimally invasive surgery (MIS) with a Pan-European scope. Partners from the health care industry, medical professionals and universities collaborate in training, research and development with the goal of improving best practices in MIS. At our campus in Melle, doctors of all levels and specialties can (further) develop their skills in the newest surgical techniques. We offer theoretical lessons, practical lessons and live case observations with topsurgeons.

HOW CAN YOU DONATE?

You can support our project by transferring a donation via the 'King Baudouin Foundation' (BE10 0000 0000 0404 – BIC: BPOTBEB1). This institution regulates and processes charity donations in Belgium. Using the remittance information '016/1750/00075', you direct your gift to Orsi Academy. A tax reduction of 45% of the amount is applicable when the donation exceeds 40 euros.

WHY SUPPORT US?

Although the operating costs for a fully equipped OR with a (live) training model and quality anesthesiology are high, Orsi Academy wants to keep the educational programs accessible for all candidates, regardless of their financial strength. Especially for young medical professionals and candidates from outside Europe, it is not easy to find sufficient funding on their own. Via a scholarship, Orsi Academy wants to give these promising people an opportunity to further develop their skills. However, this supporting initiative is reliant on sponsors, gifts and grants.

Please find more information on our website. Also, we happily invite you to visit the center and discover Orsi Academy with your own eyes.
